UNSPEAKABLE TURK TO AID THE KAISER

**Bombards Russian Ports and Destroys
American Property and Sinks
Russian Gunboat**

EXTINCTION OF TURKEY IS ENGLISH BELIEF

**Belgian Army Open Dykes and Flood
the Low Lands, Compelling Ger-
mans to Retreat Under a
Galling Fire**

London, Oct. 30.—Turkey's sensational entrance into the arena of the European conflict is the most striking incident of the past twelve hours. It seems a fateful coincidence that one of the famous German cruisers, whose taking over by Turkey, led to the first friction between the Porte and England, France and Russia, should have been the instrument of the present hostility, which makes war between Turkey and Russia inevitable. Petrograd accepts the situation quietly and disclaims any idea of an aggressive warfare against the Turks. Russia declares she merely will protect her Russian interests around the Black sea from attack. English newspapers express the belief that Turkey in Europe is doomed to extinction.

NEW WAR LORD APPOINTED.

London, Oct. 30.—The appointment of Baron Fisher as admiral of the fleet to succeed Prince Louis of Battenburg, as first sea lord of the admiralty, was announced officially by the Press bureau today. Prince Louis resigned as first sea lord of the British admiralty yesterday.

DESTROY AMERICAN PROPERTY AT ODESSA.

Washington, D. C., Oct. 30.—Acting Secretary of State Lansing today announced the receipt of a telegram from the American charge d'affaires at Petrograd, saying that Odessa had been bombarded and some American property destroyed. Charge Wilson did not say by whom the bombardment was done, but it is presumed that it was the Turkish ships.

RUSSIAN GUNBOAT SUNK BY TURKS.

Bordeaux, Oct. 30.—It was announced officially here today that two Turkish torpedo boat destroyers had entered the port of Odessa on the Black sea yesterday and sank a Russian gunboat. They also inflicted damage on a French liner in Portugal.

INVADERS REPULSED BY HIGH WATER.

Paris, Oct. 30.—The French war office made an official announcement this afternoon which says the forces of the enemy, which had passed the river Yser, had been compelled to withdraw by reason of inundations of the low country, brought about by the Belgian army.

RUSSIANS LEAVE CONSTANTINOPLE.

London, Oct. 30.—The Russian ambassador at Constantinople has been withdrawn, according to an official announcement made here today and in consequence of the Turkish attacks on Russian ports, instructions have been sent to the Russian consuls in Turkey to leave the country at once.

Paris, Oct. 30.—The following official statement was issued from the French war office today:

"On our extreme left inundations, brought about by the Belgian army in the lower valley of the river Yser have compelled the forces of our enemy, which passed this river, to withdraw. They were subjected to a violent cannonade by the Belgian and French artillery during the movement of retreat."

"The Germans endeavored yesterday to deliver several violent counter-attacks on the French and British army corps which were progressing to the northeast and to the east of Ypres."

"At the end of the day our troops had, notwithstanding the continued attacks, pursued their forward movement in the direction which had been assigned them, and had also taken possession of various points of support."

ENGLISH AMBASSADOR WARNS TURKEY.

Constantinople, Oct. 30.—English Ambassador Mallet, has informed the Grand Visier if the Turks cross the frontier it means war with the entente powers.

WASHINGTON NOTIFIED OF TURKEY'S ACTION.

Washington, D. C., Oct. 30.—The Russian embassy here received word from its foreign office at Petrograd that Turkey had taken a warlike action toward Russia. The dispatch did not give the details nor did it state whether the action was on land or sea.

SULTAN'S WARSHIP BOMBARDS SEAPORT IN SOUTH RUSSIA

Theodosia, Crimea, via Petrograd, Oct. 30.—From 9:30 o'clock to 10:30 Friday morning a Turkish cruiser with three funnels bombarded the station and city, damaging the cathedral, the Greek church, a pier and some sheds. A soldier was wounded. A branch of the Russian Bank of Commerce caught fire. At the conclusion of the bombardment, the cruiser left in a southwesterly direction.

ANTIS TO MEET AT EL RENO

**CONVENTION OF A. H. T. A.
ADJOURNS LAST NIGHT;
NEW OFFICERS**

With the election of state officers and the selection of the next meeting place, the annual convention of the Anti-Horse Thief association adjourned last night. El Reno was selected as the next meeting place, although many wanted to come back to Guthrie. This city, however, was not a candidate for the meeting place and favored El Reno.

Wm. R. Mock of Carnegie, will head the organization for the coming year. Vic Sparling of Elkin was chosen vice president, W. T. Wheat of Wellston, secretary, and R. B. Kelley of Blackwell, treasurer. By a unanimous vote W. D. Jenkins of Guthrie, was elected to serve the long term of three years on the executive committee, with him were chosen W. V. Pierce, Oklahoma City, for the two year term, and W. A. Flint of Chandler, for the one year term.

The contract for publishing the Searchlight for the coming year was deferred until the present contract expires. The executive committee will ask for bids and make the selection next month. The report of the treasurer shows a balance of \$4,861 in the treasury.

Representatives from 200 lodges over the state were present at the Guthrie convention. The largest lodge in the state is at Blackwell, with a membership of 160.

\$1,372,045 IN EXPORTS TO EUROPE YESTERDAY

Galveston, Texas, Oct. 30.—Galveston today exported \$1,372,045 worth of commodities to Europe. Cotton and its products—meal and cake—and wheat were the cargoes of five steamers that cleared and departed during the day. Cotton was the largest single factor in the exports, the manifests filed showing a total of 28,367 bales, valued by the shippers at \$1,025,801.

A total of 40,280 sacks of cotton seed meal, valued at \$65,000, were exported, and 5,030 tons of cotton seed cake valued at \$146,044.

The wheat exports of the day were 129,000 bushels worth \$132,200 at the market price. In addition to the exports, a total of 4,800 bales were moved north by coastwise steamships.

DIVORCE DAY IN DISTRICT COURT

Many Mismatched Pairs Get Relief; Judge Huston Grants 3 and Alimony to Another

Today was divorce day in district court. Three decrees were granted by Judge Huston and one wayward husband was ordered to pay temporary alimony, pending the hearing of the suit. Otis Jackson, sued by Bernice Jackson, for divorce and alimony was ordered to pay his wife \$30 per month temporarily. The case will be heard later. Other mismatched ones who got court relief today were:

Barrett vs. Barrett, decree to plaintiff. Bell Tillman vs. I. T. Tillman, decree to plaintiff. Agnes Jackson vs. Columbus Jackson, decree for plaintiff. All alleged abandonment or cruelty and non-support.

COUNTY CHAIRMAN FAVOR SAYS SUCCESS IS ALMOST CERTAIN

County candidates are making the last vigorous round among the voters. The campaign will close Monday night, with several big rallies. All of the county candidates have come to town and will stay here now until the finish. "Upon the action of the voters of Guthrie, will largely depend the success or failure of the democratic ticket," said Chairman John B. Favour today. "From all reports the county voters are going to 'turn the rascal out' next Tuesday, but the Guthrie voters must help in the good work."

PRESIDENT WILSON STANDS BY POSTMASTER GENERAL BURLISON

Washington, Oct. 30.—President Wilson considers the indorsement given to the senatorial candidacy of Roger Sullivan in Illinois by Postmaster General Burleson as sufficient and will not write a letter indorsing Mr. Sullivan as he has to some other candidates. That was stated authoritatively Thursday. Mr. Burleson, with the consent of the president, said in a speech at Peoria, Ill., recently, that the administration was for Mr. Sullivan, whose nomination was opposed by Secretary Bryan.

Chairman McCombs of the democratic national committee, and some other leaders have come out openly for him.

The president, Thursday sent a letter indorsing the senatorial candidacy of Representative George F. Neely in Kansas.

Night Riders Busy. Night riders are still busy in southern Oklahoma. Fifteen were arrested last night. The cotton farmers are becoming panic stricken.

CROWDED HOUSE HEARS SEN. GORE

**DISTINGUISHED STATES-
MAN MADE WONDER-
FUL SPEECH**

Guthrie and Logan county turned out last night to hear Oklahoma's distinguished senator, Hon. T. P. Gore. The opera house was crowded long before the arrival of the speaker, and before he had fairly begun his speech standing room was at a premium. His frequent reference to President Wilson brought forth vociferous applause as did also his complimentary remarks with reference to that other distinguished Oklahoma senator, Hon. Robert L. Owen. Senator Gore said he thought Oklahoma should be proud of her senators and particularly of the one who was not present, but if the voters would vote for the one who was present he would overlook their love for the other. Being in the home city of his republican opponent, Judge Burford, Senator Gore took occasion to answer some of the things that gentleman has been telling over the state in an attempt to discredit the senator.

"This is the first time I have mentioned Judge Burford's name during the campaign," said the senator, "and it will perhaps be the last time. Judge Burford's increasing years and the high judicial position which he has held entitle him to much respect. These circumstances, however, increased my amazement at the unguarded statements which he has just issued in a campaign circular entitled 'To the Choctaws and Their Friends.' Of course the judge has a right to appeal to the Choctaws and to any other class of our citizenship for their suffrage and support. The appeal, however, ought to be based on facts and not mere fiction. In this circular the judge states that when the Indian appropriation bill, which became a law August 1, passed the house of representatives it contained a provision granting a per capita payment to the Choctaws of \$100. I have but one fault to find with the statement. It is not true. It is true that an effort was made in the house of representatives to insert a provision in the bill granting a per capita payment of \$100 to the Choctaws. If the judge had consulted the Daily Congressional Record of February 20, page 3582, perhaps he would have found that this per capita payment was defeated by a vote of 118 to 46. As he has worn the judicial ermine as chief justice of the Oklahoma territorial su-

FEAR OF THE "LAW" IN HEARTS OF WOMEN

**Notwithstanding the Assurances
From Officers That Law Does
Not Apply to Prizes**

In spite of assurances that there is no real danger in receiving a simple award for bravery at bridge and other games, Guthrie matrons still play in fear and trembling.

At a recent game the game was just in progress when a heavy step was heard on the walk outside, and a glance through the curtain proved the comer to be one of our police force. Pandemonium ensued, the cards disappeared, and in a moment all traces of any law breaking were removed; but almost immediately the hostess returned and quieted her nervous guests, announcing that the officer was only inquiring for a neighbor who lived farther up the block. With sighs of relief the tables and cards were brought back into place, and the game about to be resumed, when some one exclaimed: "Why, there's one missing!"

A search failed to reveal her presence in the house, and so was extended to the yard and premises, and there a block up the alley was seen the timid matron still fleeing in mortal terror—and it took the combined efforts of all the party to persuade her to return.

MARINE BAND WILL AR- RIVE LATE; CONCERT TO BEGIN AT 9 O'CLOCK

Owing to poor railway connections the United States Marine Band will not arrive until 8:30 tomorrow night. The concert will not begin until 9 o'clock. This will give many an opportunity to hear this wonderful band that would not otherwise be able to attend. Many of the stores in the city have agreed to close at nine o'clock to give their employees an opportunity of attending the concert. Seats for the concert are now on sale at the Corner Pharmacy. Many good seats remain. The price is \$1 for any part of the lower floor and the balcony. Box seats are \$1.50. Gallery seats 25 cents. The United States Marine band was brought to Guthrie through the efforts of the local Elks lodge, who have made a guarantee. It will probably be the last opportunity Guthrie people will have to hear this most wonderful band of fifty exceptionally fine musicians.

PRESIDENT JOINS FIGHT ON "UNCLE JOE" CANNON

Washington, D. C., Oct. 30.—President Wilson today joined in the fight against the election to the house of ex-speaker Joseph G. Cannon, of Illinois, by writing a letter indorsing Representative J. O'Hair, of Illinois, who defeated Mr. Cannon at the last election. Up to the present the President has kept out of the senatorial fight in Illinois, where Roger Sullivan is the democratic candidate.

Mr. Wilson finished his letter writing campaign today by sending indorsements to democratic candidates in a number of states. In addition to the democratic senatorial candidates whom the President has already publicly indorsed, he is giving his support to James H. Hawley, in Idaho; S. E. Baldwin, in Connecticut; George A. Neely, in Kansas; W. E. Purcell, in North Dakota; Edward Johnson, in South Dakota, and James H. Moyle, in Utah.

BOY ACCIDENTALLY KILLED BY HIS OWN GUN

Summers Hallowell, 15 year old boy, living with his parents on a farm in the extreme eastern edge of the county, was killed yesterday evening when a gun he was attempting to load exploded, tearing the right side of his head off. The gun was an old muzzle loader and had not been used for some time.

An Auto Party Wrecked.

An automobile party from Texas stopped in Guthrie a few minutes this morning on their way to Kansas City. This afternoon a party coming from the north reported that the Texas party had went over an embankment near Perry and all were badly injured, and one of the ladies fatally.

MILLIONS FOR RELIEF OF FARMERS

**RESERVE BANKS AND CO-
TON POOL WILL BRING
MARKET**

**SOUTH WILL PROFIT MOST;
OTHER MONEY ADVANCE**

**Government Funds in Southern
Banks Brings Total Sum to
\$425,000,000**

Washington, Oct. 30.—W. J. Bryan and the state department have won a great victory for the south in securing from England her consent to entirely lift the embargo on cotton.

This means that the markets of the world will immediately be thrown open to the cotton producers and that whereas since the first of August there has been little or no export of cotton, there will now be a rush to buy. This ought to mean a very great increase in the price of cotton during the next ten days, and officials of the department of agriculture are inclined to think that cotton farmers ought not to sell until the cotton buyers have a chance to get into the market. Many people here believe that cotton will go above ten cents as the result of this piece of enterprise upon the part of the administration.

Washington, Oct. 30.—The formation of the \$125,000,000 cotton loan pool and the opening of the Federal Reserve Banks with greatly reduced reserve requirements will make available approximately \$200,000,000 in the south, which can be used to finance the holding of the cotton crop until normal market conditions are restored, according to Treasury Department officials today. This sum, together with the \$75,000,000 in crop movement funds, government deposits with southern banks and emergency currency issued to the south, it is believed, should furnish sufficient financial relief until the cotton market responds to purchases by Germany, Great Britain, France and the American mills.

The opening of the federal reserve banks in the Richmond, Atlanta and Dallas districts will release in cash and credits \$50,000,000 which is now held in the national banks as reserves under the present national bank act. On Sept. 12 the national banks in the Richmond, Atlanta and Dallas districts carried \$154,000,000 in reserves in credits and cash, according to Comptroller of the Currency Williams. These same banks, under the new law, will be only required to carry \$35,000,000 in such reserves, owing to a reduction in the reserve requirements. These figures do not include the released reserves in the St. Louis district, which includes a slice of the cotton belt.

The funds already advanced the southern states include \$32,000,000 in emergency currency, \$11,000,000 in crop movement funds and \$16,000,000
